

What did I do since the last meeting?

- 1) Reviewed Announcements
- 2) I reviewed W05 Readings
 - a> Ch 10 Testing and Debugging
 - b> Reviewed writing on ToDo assignments.
- 3) Reviewed my Udemy Course
- 4) Prepare Team Meeting
 - a> Created Zoom Link for team meeting
 - b> Sent link to team inviting them to the team meeting
 - c> Spent several hours working on understand the assignment.
 - d> Found my Team Link was old, so I created a new link and emailed to the team.
 - e> I got a note that Lusanda was ill, and she may not attend the meeting.
 - f> I met with Elias Moreira, and we worked through the assignment.
 - g> Received email of assignment and post to my GitHub.
- 5) Finally researched and know I understand how to save to my local GitHub repository and think and update to cloud hub.
- 6) I created notes on what I have done this week and posted them to Week 5 assignments
- 7) Found a copy of toDo list online and played with it to see if I could get it to work better
 - a> Found a way to start with empty list
 - b> Found a way to improve css
 - c> Could not get remainder of function's to work.
- 8) Update GitHub depository to reflect this week's work
- 9) What am I going to do next?
 - a> take some time work on my Udemy course
 - b> prep for next week's team meeting
- 10) continue review previous lessons.
- 11) What are my blockers?
 - a> I need to learn to code better, have better faith in my skills.
